Introduction to PPM Real Estate Map & Guide:

Enclosed is a copy of the guide that can put **1000's of real estate agents** in your marketing areas to work for your company.

Imagine the increase in your business when your **industry-exclusive**, color Display Ad, Directory Listing and interactive Internet Pop-Up Ad **showcases your goods and services to 10,000 home sellers and buyers** who want to up-grade their property, every year!

Please review the enclosed Bellevue/Mercer Island *Premier Property Map & Relocation Guide* (PPM). It presents the best **Image**, Message **Content** and **Distribution** available to deliver information to property owners interested in remodeling their properties.

For less than you probably paid for your last brochure, **PPM can guarantee your company cost-effective, full penetration into the Real Estate Home Improvement Market** in your area.

Do Not Delay! Because PPM **does not** solicit competing contractors/service providers, once we contract with your company we will **not** solicit any other direct competitors in your market.

PPM can provide home/property improvement referrals for your business in the following WA cities:
