Strategic Questions about Your Business

1. Could my business increase sales from the Home Improvement market in my county?
2. How many homes that go on the market for sale each month need to be upgraded in my county?
3. How many homes sold each month in my county will need to be upgraded by the new owner?
4. How many real estate agents have direct contact with the property sellers and buyers in my county?
5. Would it increase my sales to have the majority of real estate agents handing out information in print and the Internet about my Home/Property Improvement business to the majority of property sellers and buyers?
6. Am I satisfied with the current Image, Message Content and Distribution of my business's marketing materials?
7. What would be the cost to my business to:
 - up-grade the effectiveness of my marketing materials?
 - capture an exclusive presence for my business in the Home Improvement market in my county?
 - enlist the help of thousands of real estate agents in my county to exclusively promote my company's goods/services to the majority of property sellers and buyers who are planning home/property improvements?

If your answer to any ONE or more of the questions above is "Yes" then you should consider taking a closer look at working with Premier Property Maps.

PPM can deliver ALL of the above benefits, in your city, for a year, for less than the cost of professionally designing a letter-size pamphlet.
